Pen2Paper is an official publication from the City of PAE and is produced four times a year. It is delivered to most residential properties via letterbox distributors and to businesses by Australia Post.

Copies of each edition are also available from our Libraries and Community Centres, and on our website at www.cityofpae.sa.gov.au or you can contact us if you require assistance to access a copy.

Submit any suggestions for articles to communications@cityofpae.sa.gov.au

Due dates for next submission: Deadline Vol 24 Issue 3 : 2 Aug • Active for Spring - September/October/November 2019

Disclaimer Whilst every effort is made to report community information fairly and accurately, the City of PAE accepts no responsibility for any errors or omissions which may occur. The views of the contributors are not necessarily shared by the City of PAE.

MAYOR'S MESSAGE

Welcome to the latest winter news from PAE. It may be cold outside, but we have many things to get you out and about.

We have recently released our Annual Business Plan and Budget for 2019-2020, and we met many of you from our local community in April to get your feedback.

The new Annual Business Plan is a forward-looking plan, focussed on maintaining and renewing assets we already have, whilst delivering a diverse range of services and programs for you in our community.

2019-2020 is a time for consolidation with a back-to-basics focus on how we use our operating funds on your health and wellbeing, safety needs, sustainable waste management and recycling, open space access, arts and cultural activities, local businesses and more.

We received some great comments and I want to thank our community members and groups that took the time to consider what has been proposed.

It has been a busy time here in PAE, and in the lead up to the Federal election, we were also looking at the strategic

importance that PAE holds within the State and national economy.

We highlighted some of our key strategic projects and partnership opportunities to the Federal Government to help us deliver successful outcomes in the future.

We also have many major projects currently on the go, including our ongoing stormwater capital works program that has been occurring over the past 20 years. Most of it is hidden out of sight, but having a sound stormwater infrastructure in place offers peace of mind in knowing that your home has some protection against flooding.

August is SALA month, and we have a variety of exhibitions and events in different venues across PAE. With our culturally rich and diverse community, we are an important and vibrant arts hub, and home to a significant number of artists, galleries, studios, museums and cultural organisations.

So look out for the SALA Guide, rug up and get out to see what's on in PAE this winter.

Mayor Claire Boan

COUNCIL MEETING WRAP UP HIGHLIGHTS

February 2019

- Reviewed proposal for management of the Lights Community and Sports Centre
- Reports on environment including single use plastics and a target for City greening
- Discussion on lease arrangements for Port Adelaide Football Club

March 2019

LEADERSHIP

A City confident in its leaders

NORTHFIELD WARD

includes the suburbs of Hampstead Gardens, Greenacres, Hillcrest, Northfield, Northgate, Oakden, and parts of Walkley Heights and Valley View.

24,778 Total Population
10,042 Total Households
41.1% Born overseas
43.1% Speak a language other than English

Compared with the City of Port Adelaide Enfield and Greater Adelaide, the Northfield Ward has:

- A younger population with a higher proportion of people aged 25 to 44 years and under 9 years
- More families made up of couples with children and a lower proportion of people living alone
- Significantly higher proportion of people born in India and China

Our Elected Members share what they love about life in PAE

Cr Mark Basham

My family and I have loved living in Northfield Ward for more than 20 years, in Oakden, Valley View, Greenacres and now, Northfield.

We love the people, we love the facilities

such as the local dog Park, the library, the beautiful parks and playgrounds, the Northgate Community and Sports Club and we're looking forward to The Lights Community and Sports Centre.

We are more like a country town with a sense of community, always someone you know in the local shops or at the Lights Fresh Markets, and great cafes. We're looking forward to the next 20 years here too!

Cr Matt Osborn

Since my wife and I bought our home in Oakden ten years ago, we have embraced the opportunity to connect with other residents in our community. Whether it's coming together for CityReach Oakden's Christmas

carols on the lawns of Cedar College, soaking up the North East Community Day at the Hillcrest Community Centre, celebrating a victory for the Greenacres Dragons, meeting friends for a delicious meal at

Jibbi & Co in Lightsview, bumping into people we know while walking the loop path around Roy Amer Reserve, or simply having a yarn with our neighbours, it is the people that make Northfield Ward a special place.

Cr Hannah Evans

As a dog-mum of two it's not surprising I enjoy visiting Roy Amer Reserve in Oakden, LJ Lewis Dog Park in Northfield and walking around the lakes in Lightsview (often with a coffee and 'puppuccino' from

Lakeside Café, Urban Lights or Jibbi & Co). I'm excited to see that the Lights Community & Sports Centre will be completed later in the year, which offers an inclusive space for our community to enjoy as well as a place to call

home for the North Adelaide Rockets. I'm proud to be part of our strong and inclusive community and look forward to working alongside residents to improve the places and spaces we know and love.

Council Community Officer Marley with Danielle and her dog Amber

TIME TO CHECK YOUR DOG AND CAT REGISTRATION

Annual dog registration renewal notices will be sent to all dog owners during the first week of July. Following the launch of the Statewide Dogs and Cats Online (DACO) database last year, owners can now choose to receive their renewals by SMS, email or post.

Renewal notice preferences can be updated via the website www.dogsandcatsonline.com.au

It's also a great time to update any changes to your email, phone number or postal address.

Since July 2018, it has been mandatory to have your cat microchipped and your cat's microchip details can also be registered in the DACO database. Cats are Australia's second most popular pet and by having their microchip details logged at DACO lost cats have a better chance to be reunited with their owners.

The DACO website manages registration, microchipping information and breeder information and really is your one-stop-shop for all the details related to your dogs and cats. Log in today and check everything is up to date; it only takes a moment.

EMPLOYMENT ASSISTANCE FOR NEW ARRIVALS

PAE is working with Sonder Employment Solutions to make it easier for migrants and refugees to find work. The service is entirely voluntary and is not connected to Centrelink or Job Service Providers.

Individual career coaches will assess your needs and help you to navigate the system and interview process to secure a job. This is for residents of PAE who hold a valid working visa. Eligibility criteria applies. Call 8209 0700 and ask to speak to a career coach or visit www.sonder.net.au

PORTRAITS OF THE LOCAL COMMUNITY

With support from the Kilburn Community Centre, The Art Bus recently ran a photographic course where local people went out and about in the Kilburn community and took photos of local people, services and generally interesting spots.

Launched in March, the exhibition is available to view at the Centre on Tuesday and Saturday mornings or Thursday afternoons. The exhibition is on display in the hall in the corridor near the cafe.

We thank Miranda and Claire from www.theartbus.com.au and everyone who took the photos and their subjects.

LEARN SOMETHING NEW AND ACE IT

Adult Community Education (ACE) courses are run in partnership with the Kilburn Community Centre, Lutheran Community Centre and the Kilburn Peace and Welcome Garden. ACE is for adults looking for learning and training and provides opportunities to develop skills in a fun and supportive community setting. With its training component and community focus, it is particularly valuable for people who want to re-engage in learning or the community.

The Experience Café is a not-for-profit venue right in the heart of the Centre, and is open Tuesday to Saturday from 10am-4:30pm.

For more information contact Christine via email christine.loveday@cityofpae.sa.gov.au or phone 8405 6730.

COMMUNITY

*A City that supports
community wellbeing*

Port Camera Club member Marc Fullager's photo of a local festival

GET SNAPPING WITH THE PORT ADELAIDE CAMERA CLUB

PAE is full of scenic spots, from the lush green spaces around the River Torrens, to the historic buildings of the Port and picturesque sunsets along the coast. With such unique landscapes and subjects, it's no wonder there are more people in the area becoming interested in amateur photography.

The Port Adelaide Camera Club was established in 1956 to enable enthusiasts to enjoy photography with friends. Members range from beginners to professional photographers, all eager to share, support and encourage each other through workshops, outings and competitions.

The club holds regular Snap-a-thon competitions, open to members and non-members alike, each with a different theme that entrants must embrace over a three hour period on a given day.

Take your photography to the next level with the help of new friends. The club meets on the first and third Tuesday of each month at the Maritime Union of Australia Hall.

Visit www.portadelaidecameraclub.com.au to learn more and see lots of great photos.

BUILD A BRILLIANT RESUME

A well written and presented resume is often the first interaction employers have with their prospective employees.

PAE Libraries can provide assistance with writing a resume and learning how to be successful in finding employment.

Asif, a local resident, used a Resume Help session recently and said that Library staff thoroughly reviewed his CV and cover letter and suggested strategies to get the recruiters' attention.

He highly recommends people to attend CV review sessions at PAE Libraries, and said that the library team has a genuine desire and vigilant approach to helping clients in landing their dream jobs.

A drop in session is available at the Parks from 10.30–11.30am each Friday and a bookable session is available at Port Adelaide Library from 12.30–1.30pm on Wednesdays.

COMMUNITY COMES TOGETHER IN KILBURN

Our four Community development officers have been out and about in Kilburn and Blair Athol working with the local community to plan and deliver programs and opportunities.

They also collaborate with other community organisations to offer further community involvement and support through these partnerships.

One popular project is Welcome to our Butterfly Garden, which was launched in May with support from the New Dawn Christian Church and the Kilburn Neighbourhood Watch SA, as part of the Bringing Back the Butterflies project with the Australian Association for Environmental Education SA. Locals can watch the butterflies flutter by in a special garden built in the front of the Centre, where native shrubs and trees have been planted to attract butterfly species common to the area.

PAE has also partnered with the Anti-Poverty Network and a Kilburn Community Centre volunteer for Community Cook-ups, designed for people on low incomes or who find it hard to cook for one person. People gather on the second Monday of the month to cook and eat a meal together, with any leftovers taken home to put in the freezer for later.

Contact Tammy or Claudia on 8451 1589 or email communitycookups@outlook.com

250 capital works projects are currently underway across PAE

Fixing the Blues choir

NEW CHOIR IS FIXING THE BLUES

A new local choir, Fixing the Blues, meets at the Junction Community Centre on May Terrace, Ottoway every Wednesday from 1.30-3.30pm.

Named by choir master, Sean Wiegand, after his own experience with depression and the healing power of music, Fixing the Blues welcomes new members and auditions aren't necessary to become a part of the choir.

After suffering a nervous breakdown over 20 years ago, Sean drew on his 30 years' experience as a musician, and his love of music to gain the strength to go on living and realise that he could be happy again. With his multicultural background, Sean has a strong interest in songs from other countries, and hopes to introduce diverse songs to this new choir.

Eva Leydo is the choir organiser and an English teacher at the Junction Community Centre. Until joining the choir, she had never learnt to read music or sing, but she said that Sean gave her the confidence and showed her that everyone can sing. "Singing has made me a much happier person and I love meeting new people and making friends," she said.

Age is no barrier to Fixing the Blues, just ask 80-year-old Audrey Kemmett, the oldest person in the choir. She also plays the drums and her involvement is already helping the choir to enjoy the rhythm and beauty of music. For more information contact Eva on 0421 914 443 or Sean on 0475 067 013 or email ewairenaleido@gmail.com

NAVY'S BIGGEST SHIP DOCKS AT OUTER HARBOR

Royal Australian Navy ship *HMAS Adelaide* docked at Outer Harbor in April for a short stay in PAE.

Commissioned in 2015, this is only the second time the largest ship in the Royal Australian Navy has visited her namesake port.

Thousands of people flocked to watch the arrival, take a tour, or simply just marvel at the 230 metre long, 27,500 tonne vessel.

This Helicopter Landing Dock is supported by 450 crew with the capacity to hold 1,500 people, and supports helicopter operations around Australia and overseas.

Captain Jonathan Ley and his crew were kind enough to invite us on board and onto the Bridge, to show the view from the deck, as the ship entered the channel and pulled in to shore. See the video and learn more about the ship on our website or social media.

Over 73,000 people have visited the Parks library since it opened last year

COMMUNITY

*A City that supports
community wellbeing*

Good neighbours, Kylie Agnew and Lisa Buttery

A DELIVERY OF GOOD NEIGHBOURS

Kylie Agnew of Clearview was “surprised but also very happy” to discover that her neighbour Lisa was allocated to assist her with the delivery of her first child.

Kylie had registered with the Women and Children’s Hospital Midwife Group Practice program, which provides mums-to-be care by their own midwife who gets to know them during the pregnancy, is on call for the birth and provides four weeks of postnatal care in the woman’s home. The program helps women form a bond with their midwife, so in Kylie’s case it was an opportunity to be supported through her pregnancy by a neighbour she had known for many years.

In March, Kylie nominated Lisa to be recognised in our Appreciate Your Neighbour competition, as part of our celebration of Good Neighbour Day. This project is part of our acknowledgement of the importance of neighbours for the overall health and wellbeing of our community, and Lisa was one of five competition winners. She said that when she found out from the hospital that her neighbour was going to be her midwife, it seemed like the olden days of the ‘village midwife’.

“She would walk down to my house for our appointments, and she helped me bring two healthy boys into the world and I feel lucky to call Lisa my dear friend and great neighbour. We regularly catch up for coffee and we look out for each other and our homes.”

We also congratulate our other winners; Sarah from Exeter who was nominated by Yvette, Melanie and Greg of Enfield who were nominated by Hanna, and Jenny from Clearview who was nominated by Trish.

SEE THE SHOWCASE COLLECTION

The Semaphore Library will soon have a Showcase Collection. It will feature new items each month, provide an expanded Grab and Go collection, and highlight individual selections including authors and genres. For ease of viewing this new collection and others, new shelving is being installed that will double the number of items displayed with the cover showing, to make them easier to find.

More usable space has also been set up for programs, reading and studying. During the installation, Semaphore Library will be closed on Wednesday 5 and Thursday 6 June, so you can visit the Port Adelaide Library on these dates for continuing library services.

COME AND PLAY AT ENFIELD

A new group for babies, toddlers and pre-school aged children from birth to five years will kick off at Enfield Community Centre on Monday 17 July from 9:30 until 11:30am.

Children will have a chance to engage in creative, unstructured learning through play, and enjoy the exciting and bright Imagination Playground equipment.

Research has shown that regularly attending playgroup can benefit children in all areas of their development including physical, social, emotional, language & brain development and communication.

Playgroups also provide parents and carers with a great opportunity to meet other local families.

It is free to attend, and there is no need to book, but if you are planning on coming please give Liz a call on 8405 6556 or email liz.haar@cityofpae.sa.gov.au

WINTER 2019

Thurs 1- Sun 31 Aug

SALA Festival

Join the celebrations of the wonderful and dynamic living arts culture of PAE with exhibitions in galleries, cafes, pubs, libraries and community centres. Details www.cityofpae.sa.gov.au/sala

Food@5085 Stall holder

A GLOBAL FEAST FOR THE SENSES

Over 2,000 people from all over the world gathered in April to share their food, recipes and stories at our Food@5085 event, as part of the Tasting Australia program, and also bringing to life PAE's Welcoming Cities commitments.

Eager foodies sampled the new and traditional flavours of some of our newly arrived communities in a relaxed setting in stunning Stockade Park. The event featured shared tables, food tastings and produce stalls and food trucks offering delicious food from Ethiopia, Afghanistan, Tibet, Albania, Egypt, Syria, East Turkistan, Malaysia, Russia, Persia, Somalia and Pakistan.

They discovered the origins of dishes including authentic Iranian egg and herb kuku sabzi, classic cheese and mince pies from Bosnia, traditional dumplings from Tibet, Malaysian spiced beefsteak and mango salad, and the spectacular Uyghur fried bread, with lively hands-on cooking demonstrations with celebrity chef and food advocate Rosa Matto.

Guests were entertained throughout the afternoon by the colourful Burundian drumming group, young Albanian folk dancers, Iraqi/Khaliji east - west fusion band Sound of the South, and Zulya and the Children of the Underground's haunting music reflecting Zulya's Tatar and Russian heritage.

Market stalls offered Persian, Tanzanian and Russian crafts, groceries and cakes, and children enjoyed playing with the imagination playground, face painting, and interactive mandala art using recycled materials. The event also featured the Our Shared Table exhibition from Uniting SA.

CLEAN UP YOUR COMMUNITY

Most people know that if not disposed of correctly, waste items make their way through our stormwater systems and end up in the ocean. We are working with KESAB and project sponsor ATCO to encourage individuals, schools, community groups, faith-based organisations and businesses to get involved in waste collection. We are calling for the community to conduct clean-ups in local streets and suburbs to reduce the overall amount of waste that makes its way into our beaches and waterways; and there are some great benefits for being involved. The activity is Centrelink approved meaning it is suitable for those who have volunteering obligations. Businesses will receive acknowledgment for their efforts with a certificate and recognition online.

We need volunteer teams active in all areas of Council, to adopt a local spot and take care of an area as either a one off or on an ongoing basis. Collection dates are scheduled from July through to the end of the year. To register, contact KESAB on 8234 7255 or by email at roadwatch@kesab.asn.au

HAVE YOUR SAY ON OPEN SPACES IN PAE

Open spaces are valuable places for our community. They provide places for sports, recreation and other social interactions that support the overall health and wellbeing of our community, as well as protecting our environment.

That is why we are committed to ensuring that we provide good quality open spaces across our council area. Our current Open Space Strategy (2013) identifies direction and actions to guide the provision and development of parks, gardens, ovals and reserves across the council region. This document is now due to be reviewed, and we want to make sure that our open spaces meets the current and future needs of our community.

Get involved and have your say on how we can plan, design, develop and manage these spaces in future. We will be asking for your feedback during June 2019, and more information can be found at www.cityofpae.sa.gov.au/PublicConsultation

Over 256,000 containers pass through Outer Harbor terminal each year

COMMUNITY

*A City that supports
community wellbeing*

Award winners Lu-Cinda Spear and Timothy Molineux

AWARD WINNING PAE TRAINEES

Two of the latest PAE trainees have recently been awarded for their outstanding achievements.

Both trainees are part of the PAE traineeship program which started in 2015, and currently has five people who are learning a trade and gaining valuable on-the-job experience in teamwork, leadership and mentoring to enable them to apply for roles within Council.

Timothy Molineux was awarded the 2019 Excellence in Training Award. He was the first Civil Construction Trainee to join the PAE program after completing his Certificate II in Civil Construction through local business Maxima Group, Port Adelaide.

He has since gained his Certificate III in Road Maintenance and became a full-time PAE employee in June 2018. He has worked with Council teams on drainage maintenance, line marking, road repairs, concrete and paving. Timothy is regarded as a valuable team member, and has become a Health and Safety representative.

Lu-Cinda Spear won the 2019 Most Outstanding Student in Civil Construction. After completing her TAFE SA Certificate III in Civil Construction and Plant Operations, Lu-Cinda joined PAE in February 2018. Over the past 12 months she has gained experience in road and drain maintenance, line marking and footpaths, and recently she beat a high calibre of internal and external applicants for a fulltime PAE role with the Civil Construction team.

Mark Buckerfield, Director of City Assets said that the program had support from Team Leaders within PAE, and the quality of candidates had risen over time, with a high calibre of participants, who benefit from on-the-job learning while studying.

“We hope to continue this program, as it not only helps in the career development of individual staff, but it also lifts the standard across our teams.”

A NEW MEN'S SHED FOR OAKDEN

PAE is working in partnership with Northgate Oakden Residents Association to develop a Men's Shed as part of the north east corner of Enfield Community Centre at 540 Regency Road Enfield.

The Men's Shed initiative started from the iconic backyard sheds that were part of Australian life back in the day. Back then it was principally a man's domain and if you looked inside you might see men making furniture, restoring bicycles for a local school, fixing lawn mowers or making a cubby house for their family, a charity or the local kindergarten. While they worked together you might also see young men learning something about life from men with different life experiences.

Our modern Men's Shed is based on this part of Australian history and culture but with a modern twist for men in today's world. Although we live in different times, some men still haven't learnt to talk about their feelings and emotions, and many do not take an interest in their own health and well-being. Men's Sheds aim to provide a safe place where men can talk with mates in a supportive environment.

A steering committee will be set up, and potential members recruited over the coming months.

Join us on Monday 24 June at 6pm at Enfield Community Centre 540 Regency Road Enfield to establish a working group.

For further details contact Jeff Thomas Ph 8405 6874 or email jeff.thomas@cityofpae.sa.gov.au

*PAE invests approx \$10 million in
stormwater infrastructure each year*

Cherbourg-en-Cotentin mural by Jimmy C and Elizabeth Close

SHARING A PIECE OF SOUTH AUSTRALIA WITH OUR FRIENDS IN FRANCE

As part of our civic relationship with Cherbourg-en-Cotentin in France, we commissioned two South Australian artists to create a large collaborative mural on the wall of a police station in Cherbourg. The purpose of this exchange is to share Australian art and culture with Cherbourg and to give them a little bit of Wonderwalls as a symbol of the relationship between our two cities. This is the first part of a reciprocal arrangement in which Port Adelaide hopes to subsequently host a French artist with connections to Cherbourg at a future date.

This piece has a connection with the artwork behind the visitor Information Centre in Port Adelaide painted during the 2017 TARNANTHI Festival of Contemporary Aboriginal and Torres Strait Islander Art, and other works created during the 2015 and 2017 Wonderwalls Festival.

South Australian artist Jimmy C now lives in England and is an internationally recognised street artist. He has painted for the Port Adelaide Wonderwalls festival in the past and is probably best known locally for his purple and yellow birds and hearts mural on Todd Street, as well as his famous mural of David Bowie in Brixton, England, which has become a shrine to the musician.

Aboriginal artist Elizabeth Close is an Adelaide based artist, and this exchange is the first time she has taken her work overseas. She has featured in Wonderwalls Port Adelaide and was commissioned to complete a wall as part of TARNANTHI in the Port event in October 2017.

Our civic relationship with Cherbourg is based around business opportunities, economic development education & training, sport, environment, art, culture and tourism, stemming from the involvement of both regions in Australia's Future Submarines program.

LIGHTS, CAMERA AND ACTION IN PAE

With our heritage buildings, unique architecture and picturesque beachfront, PAE is fast becoming a popular destination for film shoots.

While settings such as the woolsheds in the Port and Semaphore foreshore have been long-time favourites for local photographers, they are now gaining more and more traction as locations for international filmmakers.

Recently, Harry Potter favourite, Daniel Radcliffe was here with a full crew to film his new movie *Escape from Pretoria*, with filming taking place in our Town Hall as well as locations around Port Adelaide. Australian icon Jackie Weaver was also spotted in Largs filming for an upcoming movie, *Never Too Late*.

In the past we've also had a popular Chinese TV soap opera crew film stunts around the streets in Port Adelaide and Semaphore, and there has been a whole host of smaller productions shot locally, from TV shows, to car commercials, to skate videos.

PAE provides support and assistance for filming with location support, road closures and networking. For more information, please get in touch with our Media, Marketing and Communications Team on 8405 6600.

14 new murals were created as part of Wonderwalls in March

PLACEMAKING
A City where people love to be

Wonderwalls mural by Phat I and Lady Diva

MORE WALLS BROUGHT TO LIFE FOR WONDERWALLS

In late March, we welcomed an influx of international, Australian and local street artists to transform the Port's blank walls into internationally significant works of art. Sponsored by PAE and major sponsor Pirate Life Brewing, Wonderwalls Big Picture Fest 2019 was the third time the community has come together to witness the power of creativity, through the creation of high profile destination art murals in Port Adelaide.

Wonderwalls Big Picture Fest 2019 provided a fabulous opportunity for four PAE based artists: Jake Holmes, Scott Rathman, Scott Coleman and Tailor Winston to transform PAE public spaces, along with The Love Birds mural by Phat I and Lady Diva (NZ) on the Town Hall in Nile Street and the interior mural in the Port Adelaide Visitor Information Centre.

To see the map and check out the art for yourself, visit www.thebigpicturefest.com/wonderwalls-2019

A LASTING MEMORIAL TO OUR ANZACS

Construction of a memorial to Australian Army soldiers is now complete at the Gilles Plains and Hampstead RSL in Manningham, and was ready for use at this year's ANZAC dawn service.

The shelter respectfully acknowledges the Australian Army Slouch Hat with the 'Rising Sun' badge and the puggaree on the hat with the seven folds of the puggaree reflected in the design of the shelter, while blending into the surrounding environment and existing building. The shelter, with surrounding landscaping, sits in front of a memorial to military personnel and an Australian flag pole which flies our flag proudly at the rear.

The shelter, which will be lit at night, was first used for this year's ANZAC Day service and is open to the public to use every other day of the year. The project was funded by the Government of South Australia, with the design and construction project managed by the City of PAE.

SALA FESTIVAL CELEBRATES SA ARTISTS

We are proud to support this year's annual SALA (South Australian Living Artists) Festival - a statewide celebration of visual art from 1 to 31 August.

The SALA Festival was established in 1998 and this year there are plenty of SALA exhibitions and events across the City, in galleries, cafes, pubs, libraries and community centres.

Adelaide's biggest art trail; After Dark - SALA in the Port, is returning for its third year. Taking place on Friday 9 August, After Dark is a one-night-only event where visitors can walk the art trail between venues lit by lanterns, enjoying the exhibitions as well as all the great food, live music and atmosphere that the Port has to offer.

Our City of PAE SALA Guide will be available from the Port Adelaide Visitor Information Centre, Civic Centre, Libraries, Community Centres and participating galleries and venues from late July. It will also be available at www.cityofpae.sa.gov.au/SALA

23 PAE events and exhibitions were part of History Month in May

Council crews working on Stormwater upgrades

A MAJOR INVESTMENT IN STORMWATER MANAGEMENT

The \$4 million Marmion Avenue stormwater project in Kilburn and Blair Athol has now been completed after two years of work, coming in under budget and on time.

Known as the North East Catchment, the project included installation of a culvert from Main North Road to the open channel just west of Prospect Road to help alleviate some of the flooding in the local area, particularly along Grand Junction Road.

Residents of PAE have experienced stormwater flooding since the first settlers began development in the Port Adelaide area in 1837 due to the low-lying levels of the land. Since 1996, we have invested significantly in stormwater infrastructure to help mitigate the impacts of flooding to the community, with funding support from the State Government.

Although we have completed many stormwater projects over the last twenty years, protecting hundreds of homes from flooding, there are still a significant number of major stormwater projects we are still to undertake over a 10-year capital works project across the city, with a budget of approximately \$10 million per year.

TRACKING OUR TREES

Year 6 and 7 students from Ocean View College will have the opportunity to learn about the value of their local trees thanks to the support from PAE's Environment Community Program.

Interesting tree facts such as tree carbon offset, tree shading and oxygen levels produced by a tree will be collected and logged in the field by students with the use of smart devices where information can be interpreted and edited with guidance from a local Ecologist. The information is then showcased using common language on tree tags, similar to the ones we installed in the Port Adelaide historic precinct earlier in the year.

Students and teachers alike are excited about the project, as it presents an ideal opportunity for younger generations to learn about the importance of trees in their local area.

To get involved in our Environment Community Program, contact service@cityofpae.sa.gov.au

SUCCESSFUL CLEAN-UP

We would like to thank all of the volunteers, organisations and individuals for participating in this year's Clean-up Australia Day events in March. Thank you to 1st Manor Farm Scout Group, Australian Outdoor Living, Baiada, Boeing, Cleanaway, Conservation Volunteers Australia, Councillor Matt Osborn, Enfield McDonald's, Groundswell Community Group, Hillcrest Girl Guides, Portside Christian College, Semaphore Largs Dunes Group, South Australia Telangana Association, St Margaret Mary's School, Office of the Honourable Mark Butler MP, Office of the Honourable Dana Wortley MP and Winc Office Supplies.

Materials ranging from packaging waste, tyres and others were collected and prevented from entering waterways and littering our beautiful environment. We applaud you for your passion to improve our environment into a safe and a healthy space, and we also acknowledge the contribution made by individuals and organisations throughout the year to pick up litter.

NEW TREE PLANTING

A tree planting event will be held on Sunday 23 June from 10am to 2pm at Pitman Park, Windsor Gardens, as part of Arbor Day, which is recognised globally as a day set aside for tree planting to symbolise hope for future generations.

The simple act of planting trees represents the belief that the tree will grow and someday provide habitat for wildlife, help control erosion, provide shelter from the wind and sun and be an inspiration for all of our community to enjoy. More than 160 people from our local community planted more than 3,500 trees at last year's Arbor Day event.

The Arbor Day event is part of a long-term water course restoration project winding along the River Torrens it will also include a nature play area for children, fun nature discovery activities including "Slugs and Bugs Adventure" as well as a coffee van and free B.B.Q. Bookings are essential. You can RSVP by visiting www.cityofpae.sa.gov.au/environment or contact 8405 6028, and don't forget to bring your own gloves.

ENVIRONMENT

A City which cares for its natural environment and heritage

Laura Carrington with her straw bounty

SAY NO TO PLASTIC STRAWS

Four years ago, Laura Carrington moved to Largs Bay and was shocked at the number of plastic straws she saw washing up on the beach. She took it upon herself to clean up our natural environment by collecting plastic straws with her family and has now amassed a collection of over 1500.

As well as being involved in local environmental programs such as Adopt-A-Spot and Semaphore compost network, she also spreads awareness online. Her Facebook and Instagram pages 'Reduce, Reuse, Recycle, Radelaide' have been online since 2016, as a place for like-minded people to connect. As a hobby photographer, the photos she shares of her clean-ups and collections are eye-catching and engaging, which helps her to spread the message.

Laura said, "the litter often isn't something people do on purpose, but is a by-product of plastic straws simply existing, where the weather blows them around or birds pick them out of bins". She added "An overflowing bin isn't a bin so hold on to your rubbish until you find one with space."

Her advice for people is to just pick up a few things but stay safe, "Tidying up our environment isn't as gross as people might think. Always be conscious of your own safety and use gloves, tongs and a bag or bucket."

Laura approaches local businesses and encourages them to ditch plastic straws in favour of reusable option, and notes that the community attitude has changed over the years, "People are realising that you don't have to give up anything to start using reusable straws or reusable containers, other than to change your thinking towards it."

"When you order takeaway or get a drink with your meal, ask for no straw, it's as simple as that."

Laura is currently collaborating with our City of PAE waste management team, helping to advise on waste education and environmental programs in the community.

SPRAYING FOR WINTER

Spraying for June 2019

Streetscape Maintenance Greenacres, Broadview, Clearview, Northgate, Northfield, Ottoway, Rosewater, Gillman Centre
Reserves Greenacres, Northfield, Northgate, Clearview, Enfield, Gepps Cross, Sefton Park, Broadview, Blair Athol, Kilburn
South Reserves Wingfield, Ottoway, Rosewater, Alberton, Queenstown, Port Adelaide, Glanville, Ethelton, Semaphore South, Semaphore, Gillman. **West Reserves** Mansfield Park, Woodville Gardens, Ferryden Park, Angle Park, Croydon Park, Devon Park, Dudley Park, Wingfield, Regency Park **General Spraying** Main Roads, Footpath Maintenance, Laneways, Ratepayers Requests, Termite & Insect Requests, Pump Stations, Port Expressway, Broadleaf Spraying and Thermal Steaming Play Space Surrounds

Spraying for July 2019

Streetscape Maintenance Sefton Park, Enfield, Blair Athol, Kilburn, Port Adelaide, Queenstown, Alberton, Ethelton, Semaphore South **East Reserves** Hampstead Gardens, Manningham, Klemzig, Windsor Gardens, Dernancourt, Hillcrest, Oakden, Gilles Plains, Valley View, Walkley Heights, Holden Hill. **North Reserves** North Haven, Outer Harbor, Osborne, Taperoo, Largs North, Largs Bay, Peterhead, Exeter, Semaphore, Birkenhead. **General Spraying** Linear Park, Drainage Channel Edges, Termite & Insects, Ratepayers Requests, Broadleaf Spraying, Thermal Steaming School & Play Space Surrounds

Spraying for August 2019

Streetscape Maintenance Regency Park, Ferryden Park, Dudley Park, Croydon Park, Woodville Gardens, Birkenhead, Exeter, Glanville. **Centre Reserves** Greenacres, Northfield, Northgate, Clearview, Enfield, Gepps Cross, Sefton Park, Broadview, Blair Athol, Kilburn **South Reserves** Wingfield, Ottoway, Rosewater, Alberton, Queenstown, Port Adelaide, Glanville, Ethelton, Semaphore South, Semaphore, Gillman. **West Reserves** Mansfield Park, Woodville Gardens, Ferryden Park, Angle Park, Croydon Park, Devon Park, Dudley Park, Wingfield, Regency Park, Gepps Cross **General Spraying** Pump Stations, Port River Expressway, Termite & Insects, Ratepayers Requests, Broadleaf Spraying and Thermal Steaming Play Space Surrounds

ECONOMY
A City of opportunity

The New Port Adelaide Plaza

PORT PLAZA NOW OPEN

As part of the \$45 million redevelopment, Stage 1 of the newly transformed Port Adelaide Plaza is celebrating the opening of several new stores to provide further services to meet the everyday needs of the Port Adelaide community.

Coinciding with the opening is the commencement of the Stage 2 construction due for completion mid-2020. The project will assist in stimulating the local economy, boosting employment and offering further opportunities. It is estimated the redevelopment will generate an additional 120 construction jobs and 160 full time retail jobs.

The Centre will expand from 19,000 square metres to over 29,394 square metres with an end value of \$133 million - making it the most significant retail development of its kind in the local area in 40 years.

The Centre (owned and managed by The Precision Group of Companies) will be rebuilt and extended to include 50+ specialty retailers, cafés, commercial premises, restaurants and Paisley Park Early Learning Centre. The new Centre will be a collection of pedestrian friendly and inspirational spaces to explore, savour and enjoy, allowing locals and visitors alike to soak up the unique atmosphere, a melting pot of historic quality and new-found confidence.

STRATEGIC OPPORTUNITIES

The City of PAE holds high strategic importance to the State and National economy, so in the lead up to the Federal election, we highlighted some of the key strategic projects, assets and partnership opportunities in which we would like to partner with the Federal Government.

Our Ask of Government document was sent to candidates in the PAE area, asking them how their parties can work with PAE to deliver our key projects in the future.

Major projects to benefit the region include:

- The construction of a light rail corridor between the Adelaide CBD and Port Adelaide and Outer Harbor which is crucial for the continued revitalisation of Port Adelaide, while maximising economic, social and environmental benefits for our community.
- The Klemzig “park and ride” interchange is needed to meet the growing demands of residents in the area wanting to access the O-Bahn.
- Construction of priority “seawall” protection for Outer and Inner Harbour coastline of the Port River to protect infrastructure against flooding from the predicted rise in sea levels.
- Relocation of Croydon Kings Soccer Club to Regency Park Oval and Thomas Turner Reserve upgrade.
- Stormwater upgrades and construction of pump station, catchment basins and drains to reduce flooding.
- Development of Maritime Heritage Precinct and Port Adelaide Fish Market to activate Dock Two.
- Development of an Aboriginal Cultural Centre in Port Adelaide.
- A program to assist local small and medium businesses to transition into the defence sector, as part of the new \$90 billion Naval Shipbuilding Precinct at Osborne.
- Lighting upgrade and installation of outdoor fitness equipment for Linear Park.
- Activation of town squares in Kilburn and Port Adelaide as part of two of the largest suburban renewal projects in Greater Adelaide.

Over 4,000 trees will be planted at this year's Arbor Day event
